Dear Xinyue,

Congratulations! On behalf of the admissions committee, it is my honor and privilege to share with you that you have been admitted to New York University. I am so pleased to welcome you to NYU's Class of 2029!

In 1831, NYU was founded by Albert Gallatin, Treasury Secretary to US Presidents Thomas Jefferson and James Madison, to do something that had never been done before in higher education—establish a university that was open to students of all backgrounds based on their talent and merit alone. In short, Gallatin envisioned a university without walls. NYU has built on this boundaryless foundation to become the largest independent research university in the United States, and one of the most influential institutions of higher learning in the world.

Our urban, residential campus is centered around historic Washington Square Park in the heart of Greenwich Village while the spirit of our innovation spans across Manhattan, into Downtown Brooklyn, Washington DC, and to Shanghai, Abu Dhabi, Florence, London, Madrid, and beyond. We are proud of our student body that pushes beyond time zones and comfort zones, and our vast alumni network that is over half a million strong.

Please be sure to visit your status page online to learn the specific details of your offer of admission, including the NYU school or college to which you have been admitted. You can find the steps on our website under resources for admitted students to confirm your enrollment and read about important deadlines. Your application has been considered for any and all relevant programs, and it is our policy to make only one offer of admission per student.

Please refer to the digital acceptance letter in your Applicant Portal for the details of your acceptance.

Xinyue, you should be extremely proud of your accomplishments and I encourage you to celebrate with your family and friends who have supported you thus far on your intellectual journey. We look forward to welcoming you to the NYU community.

Sincerely,

William Sichel
