

2020 CALENDAR

## **About HKUST**

The Hong Kong University of Science and Technology (HKUST) (www.ust.hk) is a world-class international research university excelling in science, technology and business as well as humanities and social science. Internationally renowned for its academic rigor and accomplishments, the University promotes interdisciplinary studies and provides holistic education, nurturing well-rounded graduates with a strong entrepreneurial spirit, innovative thinking and relevant skills to thrive in a knowledge economy. As an international university with strong ties to global thought leaders, HKUST has wide-ranging connections with Mainland China while aspiring to be a global premier knowledge hub and a center of research breakthroughs.

## President's Message

The Hong Kong University of Science and Technology is a young, international research-oriented university committed to addressing 21st-century challenges with technological innovation.

Our new 2020 calendar, which is designed to create a modern and non-traditional vibe with the use of aesthetically intriguing yet simple illustrations, manifests the University¹s goal of defying convention to explore new areas of frontier research and novel solutions to real-world problems.

Utilizing a strong color contrast is a daring move, reflecting our unwavering determination to pursue our creative dreams with a can-do attitude; the University premises are presented at different angles of view, resonating our multidisciplinary approach to solving pressing global issues.

The calendar, made of recyclable materials and could be reused as a photo-frame, is designed to serve your everyday multi-functional needs with the environment in mind. As a world citizen, we all have a role to play in conserving natural resources that will contribute to a more sustainable future for everyone.

Professor Wei Shyy, JP, BS, MSE, PhD
