

Links to alumni UBC Career Development programming and resources

Career Agility Demo: Career Agility is the six week online career development program for UBC alumni based on the Hope Centered Model of Career Development. It is delivered through the UBC course system, which requires UBC credentials to access fully. Attached is a basic demo course shell that gives a simple overview of the course elements. This program is actively facilitated by our career educator and participants receive ongoing feedback and support as they move through the course.

Below are a few highlights:

Career Blogs

<https://www.alumni.ubc.ca/category/blog/careers-blog/>

Webinars

<https://www.alumni.ubc.ca/careers/alumni-career-webinars/>

Our webinars are presented to a live audience online and then saved and uploaded to our site to be accessed at any time. Through a simple log in process open to anyone, we are able to track who accesses these resources and use that information to get a better understanding of our market. Each webinar is viewed on average by 300-500 alumni.

Alumni Career Stories

Alumni sharing the stories of their journeys after their time at UBC. This is a great way for alumni to learn about what is out there and see the various paths available and it gives us an opportunity to better celebrate more our alumni.
