

We are proud to celebrate our exceptional employees...

*Justin
Tabeck*

"I would like to recognize [Justin] for his efforts to make sure we could leave campus quickly and safely during the heavy storm!"

nominated by
VALERIE PITCHER

*Harold
Trimm*

"[A visiting] family was very appreciative [of Dr. Trimm's tour of CAM] and spoke of the visit with the professor the rest of the tour."

VERY INSPIRING PERSON

SUNY Broome Employee Appreciation Campaign

We are a campus of Very Inspiring Persons – all of us dedicated to making SUNY Broome an incredible place for high-quality higher education. We proudly recognize the dedication and kindness of the following VIPs!

[Nominate a colleague today!](#) Every nominee will receive equal acknowledgment with a certificate of recognition, a token of appreciation and public recognition (if they desire).

VIPs that have been nominated after the 20th of the month will be recognized in the next month.

Some of our amazing employees

November 2022 – January 2023 VIPs

Ashley Blackwell (LAGS '04; ISAT '13)

"Although I only worked with Ashley for a short time, she proved to be a valuable asset to SUNY Broome Community College. You will now see Ashley behind a camera and/or video equipment getting the best shots at an event. She is very creative and helps draw in students. Her attitude is fantastic – willing to learn, positive, funny, and just a pleasure to work with. She is respectful and dedicated – She is a VERY INSPIRING PERSON!" – Kelly Page (PL '93)

Mary Gilbert (BIM0 '13; EXIB '18)

"Mary and I had just gotten started [on some training] when another employee ushered in some visitors, who were looking for answers to some complicated Financial Aid questions. Mary dropped what she was doing. Rather than send the visitors to another building where they would have to start over again, Mary took it upon herself to welcome these visitors and take the time to help them find the information they were looking for." – Anonymous

Martin Guzzi (BA '83)

"Marty is an amazing person to work with. With every project or task we have worked on through the years, he has been a team player, he does the testing, and when running into issues, he has the patience of a saint. Marty also shows his appreciation with his kind complimentary emails. His presence makes SUNY Broome a happier place to be." – Anonymous

Heidi Melzer (ISAS '12; EXIL '16)

"Without Heidi's patience, knowledge and expertise, willingness to expend whatever time was needed with families, we would not have had such a successful onboarding and transition of residential students [to our new strategy]. Heidi readily worked with the housing staff. She is continuing the outreach by going to the Village to work with students. Her commitment and support of students will ensure that our students are more educated about their financial obligations and thus more successful in their academic
