

THE ALMA AMBASSADORTM PROGRAM

A CAUSE WORTH JOINING

The Ambassador Program is a comprehensive effort to organize, support and promote all types of volunteerism — redefining the culture of engagement and philanthropy at Alma College. This collaborative initiative harnesses the strength and power of the Alma family and helps us make good on our promise to advance Scots and build futures. It is distinctive in part because members can completely customize their involvement. You can do a little or a lot, and it doesn't matter where you live. Alma College is a special place, and as alumni, parents and friends of the institution, we share a common bond — a desire to advance Alma's mission and to support our students.

“The Alma Ambassador program provides innovative opportunities to support the Alma College community. It’s a wonderful way to support Alma’s continuing commitment to excellence and future generations of Scots.”
— Matt Yettaw '15

“Being an Ambassador for Alma College is one of the easiest and most meaningful things I’ve ever done as a volunteer. What could be easier than recommending a college that shaped and prepared me so profoundly, not only for my career, but for my life? It’s equally easy to connect students with internships and job openings, knowing that they will be prepared and professional. It is gratifying to know I am supporting opportunities that open the world to students.”
— Laura Asiala '83
