Interspace Maxi Display

- Five inch display for Countdown Touch or FillBuster. Ideal for large venues needing discrete visual time indicator
- 5" high numbers - highly visible from the back of the room. Mounting bracket can be reversed for ceiling, wall, or floor mounting
- Includes inline power supply, only requiring a single XLR to carry power and data

Interspace MicroCue3

Microcue3 Features:

- 3 switched USB ports allows control of several computers.
- Cue display showing handset signal & battery condition
- Two MicroCue3 units can be connected over XLR over long distances to use one as a remote antenna.

Accessories:

- 2x Wireless Remote

Interspace Mastercue V6

Mastercue V6 Features:

- 3 switched USB ports allows control of several computers.
- Cue display
- Cue speaker
- Comms headset passthrough with cue tone injection

Accessories:

- 2x Wireless Remote
- 1x Wired Remote
- RF Receiver
- CombiLamp with stand

Interspace Countdown Touch

- Mains powered touchscreen Countdown Timer with two XLR display outputs
- Counts up/down or displays real time
- Each of the 3 colour time change periods can be reset whilst running. Even the total time can be reduced or increased as the show takes shape
- Compatible with Interspace Maxi, Big, Standard and Mini displays as well as the CombiLamp and CombiTower

Logitech C920S Pro HD Webcam

- USB A Connection Webcam
- Max Resolution: 1080p/30 fps - 720p/ 30fps
- 78° Diagonal field of view
- Built in stereo microphone
- Includes travel case and privacy shutter
